

NEW ONE-STOP SHOP WEB RESOURCE FOR FIRE FIGHTERS

A new NIOSH webpage provides a central location for all NIOSH fire fighter-related resources, projects, and publications occurring and/or produced within NIOSH. This includes the addition of subpages that separate information based on structural and wild land fire fighters and an expanded directory that links to other related NIOSH topic pages (e.g., emergency preparedness and response, chemical safety, and electrical hazards). NIOSH is also starting a second phase of this project asking for feedback from frontline fire fighters and stakeholders in an effort to identify ways to further expand the pages to make them more useful for fire fighters.

Visit the webpage at: <http://www.cdc.gov/niosh/firefighters/>

To offer comments or feedback on the page please email: FFstudy@cdc.gov.
