

Section 12 – Mitigation Plan Adoption Process

The following requirement(s) are met throughout this section:

- §201.4(c)(6): *The plan **must** be formally adopted by the State prior to submittal to [FEMA] for final review and approval.*
- §201.4(c)(7): *The plan **must** include assurances that the State will comply with all applicable Federal statutes and regulations in effect with respect to the periods for which it receives grant funding, in compliance with 44 CFR 13.11(c). The State will amend its plan whenever necessary to reflect changes in State or Federal laws and statutes as required in 44 CFR 13.11(d).*

12.1 – Formal Adoption Process

The Director of SEMO will facilitate the adoption of the Mitigation Plan. As the Governor's Authorized Representative (GAR) and State Coordinating Officer (SCO) on Major Disasters and the Executive Director for the State Disaster Preparedness Commission (DPC), the Director of SEMO will request that the Chairman and Members of the DPC adopt the Plan on behalf of the State. This adoption assures that New York State will comply with all the contents and actions of the plan. In addition, New York State and its officials will comply with all applicable Federal statutes and regulations in effect with respect to the periods for which it receives grant funding, in compliance with 44 CFR §13.11(c), and New York State will amend its plan whenever necessary to reflect changes in State or Federal laws and statutes as required in 44 CFR §13.11(d). The DPC has been updated periodically on the status of the mitigation planning activity. All member agencies of the DPC Commission also participated in the planning update process.

A sample adoption resolution is provided in the end of this section.

Upon adopting the plan, New York State and the DPC resolve to comply with the actions of the plan and to maintain and update the plan in keeping with the process specified in **Section 6**.

12.2.3 Sample Adoption Resolution

SAMPLE ADOPTION RESOLUTION

The State of New York Multi-Hazard Mitigation Plan

The State of New York has developed and updated its Multi-Hazard Mitigation Plan through the efforts of the State Emergency Management Office, the State Disaster Preparedness Commission and other state, regional and local agencies.

The following resolution was passed by the New York State Disaster Preparedness Commission, 1220 Washington Avenue, Albany, New York, after full consideration at one of its regularly scheduled meetings. The Commission being fully empowered to act on behalf of the State of New York in disaster related matters adopted the following resolution.

RESOLUTION

WHEREAS, the State of New York with the assistance from the State Emergency Management Office, all member agencies of the Disaster Preparedness Commission, and other interested agencies has gathered information and prepared the New York State Multi-Hazard Mitigation Plan

WHEREAS, the New York State Multi-Hazard Plan has been prepared and updated in accordance with the Disaster Mitigation Act of 2000; and

WHEREAS, the State of New York has afforded the citizens an opportunity to comment and provide input into the Plan and the actions in the Plan; and

WHEREAS, The State of New York through its Disaster preparedness Commission has reviewed the Plan and affirms that the Plan will be updated no less than every three years;

NOW THEREFORE, BE IT RESOLVED by The Disaster Preparedness Commission that the State of New York adopts the New York State Multi-Hazard Mitigation Plan as this states Natural Hazard Mitigation Plan, and resolves to execute the actions in the Plan.

ADOPTED this _____ day of _____, 2008 at the meeting of the NYS Disaster Preparedness Commission.

Chairman
